JUNIOR DEVELOPER

Experienced in Ruby on Rails and JavaScript-based programming with a strong background in design and typography. Focused on team-driven results with an emphasis on good communication. Enjoy problem-solving and understanding systems. Continuously seek improvement through feedback.

TECHNICAL SKILLS

Javascript, React, Ruby, Rails, SQL, HTML, CSS, Adobe Illustrator

TECHNICAL PROJECTS

ChessBattery.com - [Github](#) | [Website](#)   **React | HTML + CSS**

An app that teaches basic chess openings and principles.
- Uses [chessground](#) and [chess.js](#) for chess pieces and logic, and [stockfish.js](#) to allow users to play a computer of chosen difficulty.
- Displays the user's opening choice, and any information on the current positions and moves, if available.
- Uses stockfish.js to evaluate the position and shows the evaluation on a bar to the right of the board.

Stocker - [Github](#)   **React + Redux | Ruby on Rails | HTML + CSS**

An app that tracks user-selected stocks in real-time.
- Connected to [Finnhub Stock API](#) and uses a Websocket to keep stock prices up-to-date
- Allows users to input a buy price to track the gain/loss of their investments and their portfolio as a whole

Pro Lift - [Github](#)   **JavaScript | Ruby on Rails | HTML + CSS**

Allows users to log and track workout data, watch exercise technique videos, and look at what days of the current month they've worked out.
- Uses Date() to create a calendar and highlight the current date and any date that matches a logged workout.

EXPERIENCE

Costco Wholesale   Bountiful, UT
Stocker   May 2015 - June 2019
- Made sure items on the floor were well-stocked and organized. Was often asked to take charge when reorganizing items on the floor to create a cohesive and natural flow to lead members to what they were looking for as well as our focus items. Management was comfortable leaving me in charge of a key area for several months after my boss was promoted.
- Bountiful Costco Employee of the Month - April 2016

FedEx Ground   Salt Lake City, UT
Load Coach/Package Handler Trainer   June 2014 - August 2016
- Supervised and trained package handlers to efficiently and safely carry out their responsibilities. Oversaw eight-12 package handlers and over 1200 packages an hour packaged safely in trailers. Our side was constantly ranked in top one-two out of 16 in hub for overall performance.
- SLC North Hub Employee of the Month - June 2015

Package Handler   May 2012 - June 2014
- Loaded trailers with packages quickly and efficiently. Averaged between 380-420 boxes/hour. Loaded trailers 15-20% faster and 2-5% fuller than average trailer, which resulted in decrease in damaged boxes due to overflowing trailers. Resulting work was often displayed to new hires as an example of good loading technique.
- SLC North Hub Employee of the Month - Dec 2014

EDUCATION

Flatiron School   Farmington, Utah
Online Full Stack Web Development, Ruby on Rails and JavaScript program   June 2019 - August 2020

Weber State University   Ogden, Utah
Completed 74 credits towards Bachelors of Business Administration
Recipient of Weber State University Emerging Leader Scholarship
